

Patrick County Administration seeks a qualified individual to serve as Certified Combined Administrator for Erosion and Sediment Control (ESC) and Stormwater Management (SWM). Individual must demonstrate knowledge in ESC and SWM control practices related to land disturbing activities.

As Combined Administrator, this person will be responsible for:

- administering and enforcing the VESCP and VSMP for Patrick County where applicable.
- examining the ESC and SWM activities and premises of land disturbing activity for compliance with the ESC Act and Regulations or the SWM Act and Regulations where applicable.
- determining the accuracy of ESC plans and supporting documents or SWM plans and supporting documents for approval by VESCP authority or a VSMP authority as may be applicable in the areas of ESC or SWM.
